

To The Rhinebeck Chamber Music Society:

I am writing to endorse the work of the Rhinebeck Chamber Music Society. Among your many endeavors, you have successfully used Morton Memorial Library and Community House as a venue in our mutual quest to deliver the performing arts to our public, particularly young children.

Every encounter with you has proved to be easy and efficient, and we hope to have more performances by you in our performance space, Morton Hall.

I hope this message is instrumental in helping you with your goals; you perform great music and a great public service.

Thank you,

Joanne A. Meyer
